Youth Skill Development and Employment Generation Support (YEGS)

Youth Employment Generation Support (YEGS) is a sub component of Resilience, Entrepreneurs and Livelihood Improvement (RELI) Project of SDF. The main objective of the sub-component is to build the technical capacity of the un/under employed youths of the RELI project to make them employable; create scope to access in the competitive job market through appointing skill development service providers and development partners. To achieve the above objective, SDF has signed Memorandum of Understanding (MoUs) and Letter of Agreement (LoA) with the concern Departments of different Ministries of the Government of Bangladesh. In addition, SDF has also signed service procurement contract agreement with the TVET Skill development service provider's organizations (NGO and Private sector) through PPA 2006 and PPR 2008 of Government of Bangladesh.

The role of the contracted TPOs is to provide skill development training (TVET) to the RELI project working beneficiary (un/underemployed youths) and also generating employment support (in factories, industries and commercial organizations). Under this assignment, these partners will also provide specialized training courses on specific vocations/ trades to make the youth as Micro and Small Entrepreneurs through the SDF RELI and SCMF Projects financial support.
